OFFERS TO TAKE KAISER'S PLACE

Dr. Theobald von Bethmann-Hollweg Asks Allies to Place Him On Trial.

NOTE TO CLEMENCEAU

Former German Imperial Chancellor Declares He Assumes Responsibility for Emperor's Acts During His Term of Office.

Berlin, June 30.—Dr. Theobald von Bethmann-Hollweg, former German chancellor, has formally asked the Allied and associated powers to place him on trial instead of the former emperor. The former chancellor says that he assumed responsibility for the acts of Germany during his period of office and places himself at the disposal of the Allies.

The request of the former chancellor was made June 25 in a communication to Premier Clemenceau. Dr. von Bethmann-Hollweg, it is said, declined to take this step May 20, but refrained at that time on the express wish of the German government. The communication asks Premier Clemenceau to bring the following document to the knowledge of the Allied and associated powers:

"In article 227 of the peace terms, the Allied and associated powers publicly arraign his majesty William II, of Hohenzollern, former German emperor, for a supreme offense against international morality and the sanctity of treaties. At the same time they announced their resolve to address a request to the government of the Netherlands for the surrender of the former emperor, for the purpose of trial.

"Change in Proceedings Asked. "With reference thereto, I take the liberty of addressing a request to the powers to let the projected proceedings against his majesty, the emperor, be taken against me. For this object I hereby place myself at the disposal of the Allied and associated powers.

"As former German imperial chancellor, I bear for my period of office sole responsibility, as regulated in the German constitution, for the political acts of the emperor. I believe I deduce therefrom the claim that the reckoning which the Allied and associated powers desire to demand for these acts shall be demanded solely of me.

"Being convinced that the Allied and associated powers will not deny international respect to the legal position fixed by public constitutional law, I may express the hope that they will be inclined to yield to my urgent request.

(Signed)
"VON BETHMANN-HOLLWEG."
"Hohenfinow, June 25."

Succeeded von Buelow.
Dr. von Bethmann-Hollweg was German chancellor from 1909 to July 14, 1917, succeeding Prince von Buelow. The definition of the treaty guaranteeing Belgium's neutrality as a "scrap of paper" was made by von Bethmann-Hollweg in a reichstag address shortly after the beginning of the war. He has blamed the militarists for starting the war, while, in turn he has been blamed.

PRESS SETS UP HOWL

One Berlin Paper Already Clamors for Vengeance.

Another Says Treaty Is Written on Parchment, but It Remains a Scrap of Paper.

Berlin, June 30.—The pan-German Deutsches Zeitung prints the following across its front page:

"German honor today will be carried to its grave in the Hall of Mirrors, in which in the glorious year of 1871, the German empire was resurrected in all its splendor. Let us forget.

"In restless labor the German people will again strive to obtain that place among the nations of the world to which it is entitled. Then vengeance for the disgrace of 1919."

The Tageblatt says: "The German people reject the treaty, which its delegates have signed, and it does not believe for a single moment that it will endure. Despite the fact that it is written on parchment, it remains a scrap of paper, because it is a mockery of all the laws of reason and morals and the most disgraceful exhibit in the museum of civilization."

Austrian Treaty Now Considered

BY FRED S. FERGUSON, (Staff Correspondent, United Press)

Paris, June 30.—With President Wilson en route home and Premier Lloyd George in London, the allied peace commissioners were expected to take up today the completion of the Austrian treaty. Agreement of the principle of reparations reached last week, was believed to have paved the way for speed in assembling of the remainder of the documents.

The president sailed from Brest on the transport George Washington at 2:15 yesterday afternoon, escorted by the dreadnaught Oklahoma, and four destroyers. Secretary Von Haniel and 29 other members of the German delegation left Versailles early today for Cologne.

The allies will present the financial and economic clauses to the Austrians this week, it was learned.

DEPENDS ON GERMANY

Powers Will Raise the Blockade When Berlin Ratifies.

Decision Means All Nations Can Resume Trade Relations on an Equal Footing.

Washington, June 30.—The superior blockade council has been instructed to be prepared to raise the economic blockade of Germany immediately upon ratification by the German National Assembly of the Peace Treaty.

The action, officials here explained, means that upon Germany's ratification of the treaty all restrictions upon trade with Germany may be removed. Without requiring individual ratification by the Allied and associated powers, all of these nations may have an equal start in the race for German trade.

Raising of the blockade without awaiting individual ratification was said by officials to mean more to the United States than any other nation because final approval of the treaty owing to governmental machinery probably will require longer here than in the other countries.

One result of the decision if carried out will be to give the senate unlimited time for consideration of the treaty.

The resolution recently introduced by Senator Fall, Republican, New Mexico, to declare the war at an end was designed to enable the United States to begin business relations with the Germans and to relieve the senate of a pressure that might be brought to bear by business interests.

HUNS SHOW TRUE COLORS IN TREATY COMMENT

BY CARL D. GROAT (By United Press)

Berlin, June 30.—The German reactionary press was mostly silent today regarding the signing of the peace treaty. Several papers, however, were outspoken in their bitterness toward the terms.

"The signing is treason," said the Berliner Neueste Nachrichten.

"The next general election will show what the Germans think of the treaty. It is a scrap of paper," declared the Tageblatt.

According to the National Zeitung the treaty "reduced the cultured people of Germany to the level of the American Creole states."

The most violent article appeared in the Deutsche Zeitung, which declared "A peace of violence has been signed at Versailles. Germany's honor has been buried. Only incessant toil will enable us to regain our place among the nations of the world. Then will come revenge for the disgrace of 1919." The paper was supported by the government.

WILSON REFUSES TO STOP WAR LID

President Declares That He Has No Legal Authority to Act at This Time.

STATEMENT IS ISSUED

Chief Executive Says When Demobilization Is Terminated He Will Exercise His Right to Act Without Congressional Action.

Washington, June 30.—That he cannot legally lift the wartime prohibition ban before the country goes dry, has been decided by President Wilson, but he expects to do so as soon thereafter as his power has been made clear by the completion of demobilization.

In a cablegram made public at the White House the President said he was convinced, after consultation with his legal advisors, that he had no authority to act at this time.

Promises to Lift Ban. "When demobilization is terminated," he continued, "my power to act without congressional action will be exercised."

The message expressed no opinion as to the authority of the President, when he raises the ban, to make his action applicable only to beer and wine.

Secretary Tumulty gave out the following statement:

"The Secretary to the President at the White House made public the following cable from the President with reference to wartime prohibition:

"I am convinced that the attorney general is right in advising me that I have no legal power at this time in the matter of the ban on liquor. Under the act of November, 1918, my power to take action is restricted. The act provides that after June 30, 1919, until the conclusion of the present war and thereafter until the termination of demobilization, the date of which shall be determined and proclaimed by the President, it shall be unlawful, etc.

Troops Must Demobilize First.

"This law does not specify that the ban shall be lifted with the signing of peace, but with the termination of the demobilization of the troops, and I cannot say that that has been accomplished. My information from the War department is that there are still a million men in the service under the emergency call.

"It is clear, therefore, that the failure of congress to act upon the suggestion contained in my message of the 29th of May, 1919, asking for a repeal of the act of Nov. 21, 1918, so far as it applies to wines and beer, makes it impossible to act in this matter at this time.

"When demobilization is terminated, my power to act without congressional action will be exercised.

"Woodrow Wilson."

JOHNSON ATTACKS LEAGUE

Senator Asserts Covenant Contains Germs of Many Wars.

New York, June 30.—The League of Nations was denounced as "a gigantic war trust" by United States Senator Johnson, California, in an address before a meeting called by the League for the Preservation of American Independence. He demanded the repudiation of the League covenant.

"The League contains within itself," asserted Senator Johnson, "the germs of many wars, and, worse than that, it rivets, as in the Shantung decision, the chains of tyranny on millions of people, and cements for all time unjust and wicked annexations."

LAW PROVIDES PENALTIES

Advocates Declare Wartime Dry Act Can Be Enforced.

Washington, June 30.—Enforcement of the wartime prohibition July 1, regardless of whether congress passes pending enforcement legislation by that time, is possible, officials of the Anti-Saloon league stated.

The original wartime prohibition act carried penalties and Anti-Saloon league officials will press for their rigid enforcement, it was stated.

Rev. Fred Errington Spoke Sabbath
Night and Gave His Hearers a
Live Message

The services held in the park at 7:30 on Sunday evenings during the month of June have been well attended and the experiment has proven to be most successful.

The seats in the park are easily gotten together and those attending have worshipped in comfort. The trees in the immediate vicinity of the place of worship give ample shade and the situation generally is most pleasing.

Rev. Fred Errington was the speaker last night and he had a live message for the present day. He took as his text the word Armageddon from Revelation and spoke of the conflict of right and wrong as old as the ages. He spoke of the present day wrongs and the stand the church should take on all questions. He laid particular stress on the need of righting the industrial wrongs and said that the church in seeing that every man secured his just rights.

Rev. Hans Wolner will be the speaker on next Sunday evening and those who heard him a week ago will be sure to hear him on next Sunday.

Anderson-Peterson

A beautiful home wedding was celebrated Saturday afternoon at 3 o'clock at the home of Mr. and Mrs. J. W. Anderson, when their daughter, Serrie, was married to Peter Peterson. The ring service was used and Rev. W. J. Lowrie was the officiating minister.

The bride has been a teacher in the county a number of years but last year was in government service in Washington. The groom is the son of Andrew Peterson and lives east of Woodrow, where he is engaged in farming.

The dress of the bride was white voile and she carried white roses. The bridesmaid, Miss Vivian Anderson, wore a gown of organdie and carried pink roses. Carney Peterson, a brother of the groom, was the best man. Mrs. Floyd Ritter played the wedding march.

A wedding dinner was served the guests after the ceremony. Those serving were Lillian Anderson, Pearl and Elizabeth Henningson, Alta Maust, Myrtle LaMone and Ethel Peterson.

The young couple drove to Little Falls and from there went to the cities where they will spend a few days and then return to their farm at Nokay lake. They will be at home to their friends about July 15.

Williams-Glandon

Miss Ruth E. Williams and Eugene V. Glandon were married at the manse of the Presbyterian church on Sunday afternoon at 2 o'clock, W. J. Lowrie performing the ceremony.

The wedding party consisted of the father and mother of the groom, a brother of the bride, Miss Amanda Rouse who acted as bridesmaid and Leo E. Renn of Remer, who served as best man.

The groom has just returned from war service and was married in his uniform. The best man recently returned from France and was dressed in uniform.

The young couple will enjoy a short wedding trip and then return to Brainerd where it is expected they will make their home.

AMUSEMENTS

At the Best Today

When a sixteen year old girl is kidnapped by a man she neither knows nor cares for and is forced to marry him and thereafter leaves her husband without even knowing his name, it is to be expected that interesting developments will occur. This is amply proved by the story of "Good Gracious, Annabelle!" in which Billie Burke, the dainty Paramount star, will appear at the Best theatre today.

BRAINERD'S ODDEST STORIES OF TODAY

Some Brainerd married men and married women have been studying the statement made by the Journal of American Medical association regarding crazy men remaining single, and women getting crazy after getting married. Incidentally it brought to light the fact that sane men are sometimes crazy to get married, and wake up later; that married women after marriage often throw out hints to their husbands that they wondered what they got crazy about when they married them. The learned medical journal states this:
In January, 1910, there were in the United States 62,683 single men insane—which shows that the crazy men stay single.
At the same time there were 27,115 single women insane and 35,975 married women insane—which proves that in January, 1910, married life made more women crazy than it did men. And the more you study these figures the crazier it makes you.

Roosevelt's Long Ride.

KING SENDS GREETING

British Ruler Praises President

Hopes That Recent Brothers in Arms
Will Continue Forever as
Brothers in Peace.

London, June 30.—The following message has been sent to President Wilson by King George:

"In this glorious hour when the long struggle of nations for right, justice and freedom is at last crowned by a triumphant peace, I greet you, Mr. President, and the great American people in the name of the British nation.

"At a time when fortune seemed to frown, and the issues of the war trembled in the balance, the American people stretched out the hand of fellowship to those who on this side of the ocean were battling for a righteous cause. Light and hope at once shone brighter in our hearts, and a new day dawned.

"Together we have fought to a happy end; together we lay down our arms in proud consciousness of valiant deeds nobly done.

"Mr. President, it is on this day one of our happiest thoughts that the American and British people, brothers in arm, will continue forever to be brothers in peace. United before by language, traditions, kinship and ideals, there has now been set upon our fellowship the sacred seal of common sacrifice."

The Explosion of An Ancient Legend

A LETTER received last week from one who signs himself "Constant User" asks why the Standard Oil Company (Indiana) insists that the gravity test for gasoline is a fallacy.

Not having his address we are answering the inquiry here

When the Standard Oil Company (Indiana) began manufacturing gasoline the surest, safest, most practical method known for determining the quality of the product was by testing it with a hydrometer.

In those days all of the crude oil used came from a single locality. It was of the same base always and the products refined from it were uniform.

As the industry grew and oil wells were found in widely separated localities it was discovered that the crude varied so greatly even when taken from wells in the same locality that the hydrometer no longer could be depended upon to indicate the quality of the refined product with satisfactory exactness.

Some other system of measurement had to be used.

The chemical engineers employed by the Standard Oil Company (Indiana), who were asked to solve the problem, suggested that the boiling points of the several fractions, which go to make gasoline, would give the desired result. They would be constant and the usefulness of the product would not vary so long as the range of boiling point fractions remained unchanged.

The practical usefulness of the suggestion was instantly recognized, and the Standard Oil Company (Indiana) immediately adopted it as the basis of their manufacturing practice.

By making its product conform to the boiling point standard, it was possible to guarantee uniform results at all times, even though the hydrometer might show variation in gravity.

We know uniformity is of the most vital importance to the ultimate consumer. That is why we insist that gravity is of no value in determining the value of gasoline as a fuel, because it can not indicate the gaps.

The Standard Oil Company (Indiana) is steadfast in its endeavor to render the greatest service possible to the motoring public and it is constantly trying to so improve the fuel and oils it sells as to give to its patrons a greater value for the money they spend with it.

FOOD COMPETITION

There may be some good reason, either economic or military, for the government refusing to place on the market the vast quantities of foodstuffs purchased for the army and now held in storage because they are not needed. There may be some good reason why they should be sold abroad, as the packing interests desire, rather than sold here at home to American consumers. But no reason has yet been presented to convince the American consumers that they have not a perfectly good right to buy that food.

There is no desire to withhold from hungry Europeans anything they need to sustain life until their own harvests provide for their needs. There is no desire, either, to hurt any legitimate business interest in this country. But the present situation seems unjust, and if continued may develop into a scandal.

Everybody knows that food prices in the United States are oppressive. Nearly everybody is convinced that they are far higher than they ought to be, and that the principal reason for it is the excessive profits taken by big interests that have a grip on the nation's main food staples. The middleman and the retailers, too, are probably doing their share of the gouging, and in many cases more than their share. It does look, sometimes, as if there were a great, silent conspiracy all along the line to pile up abnormal profits at the expense of the helpless consumer.

Nothing could deal a more effective blow at this illegitimate profit-taking than the pouring into the market of a large amount of beef, pork, flour, butter, eggs, etc., such as is held by the war department. This would immediately restore competition in a field where there has been for some time, a virtual monopoly. Every body connected with the

food industry would be immediately deprived of any artificial pretext for maintaining excessive prices. Accordingly, prices would sink to a more tolerable level. And once reduced, with the bountiful American harvests coming on, they would probably stay down.

NOBODY HOME PICNIC DAY

The Bemidji Daily Pioneer remarked editorially Saturday: There isn't enough humanity left in Brainerd today to start even a semblance of argument of what the Germans intend to do with the peace terms, for when the Northern Pacific employees came to Bemidji for their annual outing there wasn't much left of the population.

Cass Lake's outdoor historical pageant called strongly also, as did the Ford picnic. Practically no customers were left to patronize the stores and doggone if the merchants and clerks didn't decide to have a picnic of their own on the same date. No use going to Brainerd today. They'll be "Somewhere" else.

NONSENSE FROM AMERICA

Well, Wilhelm "got no nonsense from America after the war," all right. America, with the aid of the allies, has forever put an end to his kind. There will be no more exploitation of whole peoples and races to gratify the lust for power of such as Wilhelm and his ilk, and America was the deciding factor that made this result possible. Not nonsense, but his just deserts—is what Wilhelm will get from America after the war.

AN OUTING THAT WAS A REAL TONIC

Northern Minnesota Editorial Convention at Bemidji June 27, 28 and 29 Was a Winner

CROWD OVERWHELMED TOWN

Beautiful Birchmont, a Diadem of Beauty on the Brow of Northern Minnesota

As a real tonic, a renewer of youth, an elixir with the bracing quality and wisdom of years of pent up energy, that summer convention at Bemidji June 27, 28 and 29, presided by "Doc" Rutledge, worked wonders in the minds and frames of the editorial men and women and a big sprinkling of children there assembled.

Fine Hospitality.

Bemidji fairly radiated hospitality. It shone out in the enthusiasm of the first flotilla of automobiles which took early arrivals to Birchmont on Saturday morning. It was evident every minute of the day. Never was an editorial foot set down but some Bemidji man was right there with a kind word, a waiting car and that general spirit of good fellowship and helpfulness was ever present, and if the editorial crowd didn't have to work for a living and continue publishing papers to maintain the legal standing of the business, the whole bunch would still be at Birchmont and in and around Bemidji.

Historical Gathering.

Notable as a historical gathering was the evening session Saturday when Premier T. C. Norris of Winnipeg, province of Manitoba, uttered words of cheer and greeting from Canada and praised the splendid cooperation shown by the allies, the fraternization of Americans and Canadians. Saturday with its signing of the peace treaty marked the end of Prussian misrule.

Premier Norris.

"I have lived to see the day," said Premier Norris, "that I long hoped to see when the flags of Great Britain and the United States would be entwined in a common cause. When that time came it was not necessary to sing 'God Save the King,' but God help the enemy."

He spoke of the recent Winnipeg strike and said it collapsed and ended unconditionally.

Hon. R. D. Waugh.

R. D. Waugh, former mayor of Winnipeg, referred to the peace treaty, and said all were proud to purge the world of anything reeking of Prussian tyranny.

"We have suffered together and now rejoice together, now let us get together on this continent of North America to see to it that such things do not occur again as have happened in the last five years. We will have neither German nor red flag to fly over us, only the Stars and Stripes and the Union Jack," said Mr. Waugh in conclusion.

Judge Stanton.

President W. E. Verity introduced Judge C. W. Stanton as chairman of the evening. He spoke of his early days in newspaper work and urged support of the Babcock road law.

M. McMahon, secretary of the St. Paul association, spoke on cooperation in community building.

On Friday evening there was a dance at the Birchmont hotel for the editorial party and a concert by the Bemidji band.

Saturday was devoted to sight seeing, visit Bemidji's new normal school, lumber mills, box factory, etc.

Crookston Lumber Co.

At noon a woodsmen's dinner amidst tall pines was served near the Birchmont hotel by the Crookston Lumber Co. It was prepared by lumberjack "bull cooks" and "cookers" and served in camp style by "jack" waiters. A gentle breeze swept from the lake and served to whet the appetites of the visitors. Nothing was omitted in the way of hospitality or courtesy. At the conclusion cigars, cigarettes, candy were distributed. The fish seemed to leap from lake to frying pan and were the finest ever eaten by the crowd.

Sports Program.

At 3 o'clock the sports were held. Southern Minnesota won the tug of war. The Northern Minnesota bunch were on hard ground and had no chance to dig in, although at one time they just lacked four and three-quarter inches of making the winning yank.

Northern Minnesota Ladies.

Northern Minnesota, however, was redeemed by the ladies and with Mrs. Oberg as anchor and Mrs. Lily Ericson as captain, they pulled their fair southern Minnesota femininity off its feet and nearly into the lake, taking the referee's motion of "Stop, you've won," for encouragement and only timely intervention on the part of W. E. Kirkwood, professor of journalism, saved all from a watery grave.

Pvt. Bradford Wins.

The fat men's race had so many

entrants they pressed a birch tree near the hotel out of shape in order to all squeeze in. It was won by a dark horse, by young Bradford of the Verndale Sun, lately returned from war service. The Brainerd Dispatch was a close second, but of course there were no second prizes and so Bradford romped away with a steel rod silk umbrella donated by C. I. Johnson Co.

Other exciting events were the slim men's race, married ladies and single ladies, girls and others. The married ladies, whose skirts were not so tight, made better cinder records than the girls.

Oratorical Contest.

There was an oratorical contest, catch as catch can, with the subject handed you. Charles Cheney made a hit when he said advertising in country newspapers was the best way for a politician to land an office.

There was bathing on the beach and the editors studied form and makeup intently.

Meyst Memorial Service.

Sunday morning an hour was devoted to the memory of Frank J. Meyst, member of the executive committee of the State Editorial association and a member of the Northern association. Brief eulogies were made by members including Mr. Hotelling, Mr. Pease, Will Wilke, Mr. McClelland, Mr. Hofbauer of the Dispatch, Mr. Hadley and others.

Itasca Park.

There followed the trip to Itasca State Park where the editorial family was again entertained in true northern hospitality. All were guests at the State Forestry Board.

Resolutions.

Resolutions written in the woods on a pine stump by Silk, Roe and Phillips were read by Phillips and they praised in eloquent style the hospitality of Bemidji, Crookston Lumber Co., Bemidji Commercial club, forestry board and every other individual who had made the stay of the editors a pleasant one. "Doc" Rutledge and "Bill" Verity were given a glowing editorial and the crowd was just setting up on its toes to give a cheer for them when Phillips hit some of Silk's writing which was hard to decipher and there was a lull and the fellows wondered if Brother Phillips would bridge the gap or not. In speculation over that possibility, the cheering was forgotten.

Business Deferred.

Mrs. Lily Ericson of Spooner had suggested some points on resolutions which partook of a business nature and the committee suggested they be deferred to the regular business session at the next meeting. They involved the need of having the association recommend some minimum standard for advertising space based on present cost of material and labor, of condemning cutting of legal rates, and urging further that present legal rates be revised to meet ever raising costs of material and labor.

Good Scouts.

Among the good scouts met at the association meeting were E. W. Libby of the Mergenthaler people, who placed his trusty Ford at the disposal of C. H. Bronson of Osakis and the Dispatch man. There was also Hugo M. Speler of Barnhardt Bros. & Spindler. Also to be placed in the hospitality column were Mr. Wright of Wright, Barrett & Stilwell and Mr. Hillyer.

With Editor Bronson.

Saturday night the writer slept with Editor Bronson on the forward deck of a summer cottage. It was a wild night, a forty mile breeze threatening to toss the covers overboard. A special session held on the avenue previously had discussed Wilson's 14 amendments and huddled the twelfth when the Birchmont village cop shut off the street lights and Billy McEwen of Duluth and Kiley of Grand Rapids, had to go to bed and the meeting was off.

Lovers Lane.

The board walk at Birchmont is three planks wide, a modern lovers lane, making it necessary for a man to hold his wife or girl by the waist in order to walk abreast. Nobody, however, objected to such an alleged inconvenience, in fact some people really liked it.

Record Transportation.

The Brainerd Dispatch man holds the record for cheap and fast transportation home from Itasca State Park time 6 and a half hours, cost \$1.45. From the park to Verndale he traveled with Editor Bradford of the Verndale Sun whose Ford took no dust from anybody, passing Editor Silk and a Kentucky colonel with abandon. Wadena was reached in just two hours. Verndale was made next by Bradford's Ford and the last inning of the Verndale-Staples game seen. From thence on there was a ride on a bus to Staples, fare 35c. A fast main line train was caught for Little Falls, fare \$1.10. At that town George A. Ridley, whose team had played Little Falls, gave a lift in Sinclair's automobile, and travel stained and dusty the courtesy was gratefully accepted and home made at 9:30 P. M.

BRAINERD 4

Range Team Gets Long End in First Game Played at Keoping Grounds Sunday Afternoon

RECORD ATTENDANCE THERE

Costly Errors by Brainerd and a Load of Horse Shoes Carried by Crosby Won the Game

Crosby loaded with a carload of horse shoes on Sunday afternoon defeated Brainerd 6 to 4 on the Keoping grounds. Costly errors by Brainerd, two in the outfield, caused the loss of the game and Crosby went home with its 1,000 per cent record unlicked and undented.

A record attendance saw the game and cheered for Brainerd whenever it could, but the fates were against the locals winning out. Here is the score:

Crosby	6	9	2
Brainerd	4	10	4

Batteries—Hier and Gaskill; Woods, Lewis and Petraborg. Umpires Hall and Sears.

Little Falls Wins

Little Falls, Minn., June 30—Little Falls on Sunday defeated Ironton 12 to 2. The game was played on a hot, windy day and long travelling by the Ironton team and delays on the road, may have had their part in contributing to the defeat. Ironton at one time had Little Falls guessing when Schmidt circled the bases on an infield hit, the ball being successively bobbled by every man who tackled it, the runner beating the last throw to the plate. The score:

Ironton	2	5	5
Little Falls	12	11	2

Batteries, Posten and McGarry.

Woods and Armstrong. Umpire Ball. Attendance good.

Verndale Winner

Verndale, Minn., June 30—Verndale on Sunday defeated Staples decisively 8 to 1. Staples battery was Russell and Linehan. The attendance was fair, many automobile parties being present.

Exalted Ruler Fred C. Sanborn of Brainerd Lodge of Elks announces arrangements being completed for a joint picnic of Elks lodges of Brainerd, St. Cloud and Little Falls on July 16 at some lake near Little Falls. It will be an all day picnic.

GOOD JOBS IN CIVIL SERVICE

Washington, D. C., June 30—Are you a discharged soldier, sailor or marine, or other citizen looking for a job? If so, see the secretary of the local board of civil-service examiners at the post office or customhouse in your city.

The United States Civil Service commission announces that vacancies which must be filled are constantly occurring in the vast civilian force of the government, and that at this time examinations of not less than 125 different kinds are open, most of them to women as well as to men. The positions cover all grades from mere routine work to the highest grades of professional, technical and scientific positions. Stenographers, typists and bookkeepers are especially needed. Many of the positions carry good salaries, such as the following:

Cost accountants, \$2,200 to \$4,200 a year.
Office managers, \$1,800 to \$3,600 a year.
Mining accountants, \$2,400 to \$6,000 a year.
Superintendent of heat treatment, naval ordnance plant, \$5,000 a year.
Production engineer, naval ordnance plant, \$9,28 a day.
Assistant designing engineer, naval ordnance plant, \$9,20 a day.
Assistant in charge of soil chemical investigations, department of agriculture, \$3,500 a year.

For these high-grade positions, of course, special training and experience is required. Any representative of the civil service commission is prepared to furnish full information concerning these and other positions.

The Eden Electric Washer is a "feature-full" machine. Terms of payment on it are so easy that we wonder how any home can afford to be without it. The fact that Clark's stand behind this washer to make good, anytime, anything that goes wrong, should alone be a deciding point in its favor.

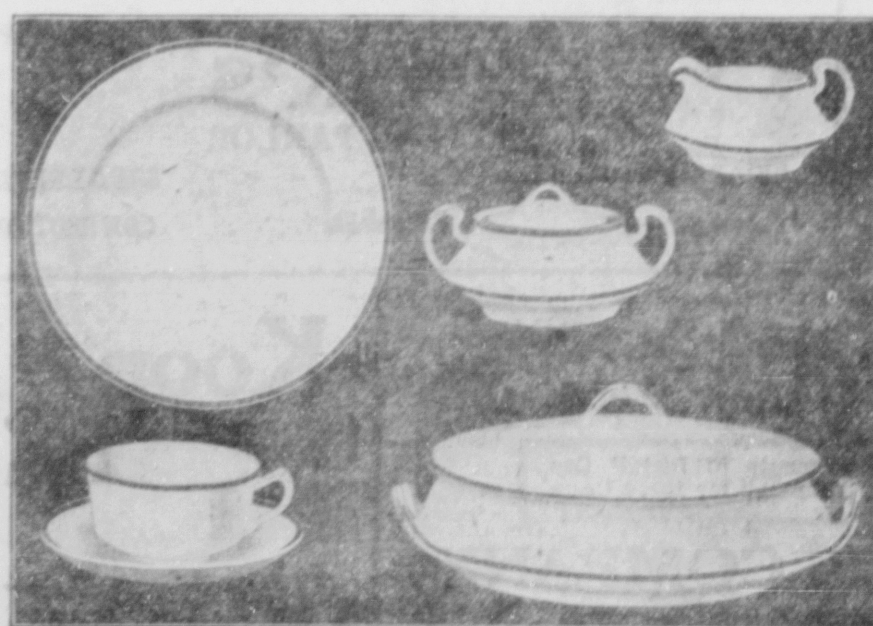

When you go after the big ones fortify yourself with Clark's tackles.

You may win that Heddon's Rod.

The New Perfection and Puritan Oil Stoves---the former a low burner, the latter a high burner, are unexcelled for all around usefulness. We handle no others, for no others are "just as good." The two burner is \$15.50, the 3 burner \$21 and the 4 burner \$26.50. Cheaper to use than wood or gas. Absolutely safe, clean and sure.

"The Colonial"—our best selling, and generally considered our prettiest pattern in china ware. A plain design of exceptional quality china with a 14k coin gold wide border. It is carried in open stock—one saucer may be had at the same proportionate price as a set. The 42 piece set---sufficient for all ordinary family purposes is priced at \$14.30.

A Porch Swing of "Fibre Rush"—Karpén Made

Cool looking, clean and comfortable is this attractive piece of porch furniture. It will be a pretty addition to the summer furnishings of your home. Of sturdy construction, reinforced with wood, equipped with irons, chains and hooks, ready for hanging.

Our showing of reed and fibre furniture for porches, sun parlors and living rooms is now at its best. We invite you to see it.

Remember Clark's guarantee on everything they sell is absolute and unconditional: "Satisfaction or your money back." That is just one of the reasons why the majority of Brainerd homes insist on Clark's for household goods.

LABOR NEWS

CLERKS ON NEW SCHEDULE JULY 1

The clerks union and merchants of the city have generally agreed upon the new schedule of hours which take effect July 1. They provide that stores shall open at 8 A. M. and close at 6 P. M.

Exceptions noted are Saturdays and pay day nights when the stores close at 8 P. M. instead of 9 P. M.

Another change is that stores will not be open evenings before holidays as they have been in the past.

NATIONALIZATION OF LAND ASKED BY LABOR

Southport, Eng., June 30 (United Press).—The National Labor Party opened its annual convention here today—the party's first formal gathering in its new role of second strongest party in England and official opposition in the House of Commons.

Under the impetus of the reviving interest in national politics the conference will, it is anticipated, furnish the stage for an animated discussion of a large number of national and international issues.

Today and tomorrow the party chiefs hope to evolve a new program strong enough to enable them to make a telling bid for victory in the coming parliamentary struggle for control of the government.

Rather wide differences of opinion have arisen within the party itself since last year's conference, and the line between right and left wings has become more marked. In several instances, the radicals (Lefts) have entered local contests as a distinct party in opposition to the regular labor candidates, calling themselves the "Socialist Labor Party."

A warm platform battle between the factions is possible. It is certain that the convention will be called upon to consider a number of proposals which a year ago would have been regarded as radical.

Both the Miners' Federation of Great Britain and the Independent labor elements demand nationalization of land in England. A resolution to this effect will be introduced and the party urged to press the question to a showdown.

The following resolution has been prepared for presentation:

"That this conference strongly urges the government to bring forward as early as possible some scheme for nationalization of land, so as to abolish the present unjust system of land ownership and land leasing, thereby enabling the nation to utilize our land resources to the best advantage of the people generally."

The situation in Russia will be brought up by several resolutions which will demand withdrawal of allied troops.

Representatives of the Federation of Women Workers will ask the party to adopt a plank to give women equal rights with men.

8 HOUR LAW FOR WOMEN IN N. D.

Blismarek, N. D., June 30.—After thirty years of adjustment to a prohibition status, North Dakotans, will accept the national bone dry act with scarcely a flutter. However other adjustments, economical in nature, confront the state today. The new laws passed by the legislature last January become effective today.

Chief among these was the eight hour law for women. Establishments where this limit has been exceeded have been preparing for the past two weeks to get on an eight hour basis. This law together with the workmen's compensation act, and the women's minimum wage law, will be under the administration of the workmen's compensation bureau.

The soldiers' compensation of \$25 for each month in service will be available after today. The money must be applied in purchasing a farm or home, or in getting an education.

Helped Her Little Girl
Children need all their strength for growing. A lingering cold weakens them. Mrs. Amanda Flint, Route 4, New Philadelphia, O., writes: "Foley's Honey and Tar cured my little girl of the worst tickling cough." Gives immediate relief from distressing, racking, tearing coughs; soothes and heals. H. P. Dunn.
